

The "ONEBEHALFOF™" AI Agent - Appointed to Act, Designed to Deliver.

Transforming industries with our **intelligent agent framework** — an **AI concierge service** designed to act *on your behalf*; not just assist.

Our Mission

We believe delegation is leadership. At AgentOBO, Inc., our mission is to redefine how intelligence operates not as a tool, but as a Trusted Delegate™ . We build AI that executes with autonomy, judgment, and grace *on your behalf* across industries, lifestyles, and platforms.

Our goal is to establish the first true “ONEBEHALFOF™” AI infrastructure, empowering individuals, businesses, and developers to appoint digital agents with the authority to act, not just assist. This isn't artificial intelligence. This is Appointed Intelligence™ vetted, auditable, and capable of discretion.

Because real intelligence doesn't just answer. It speaks, represents, and makes arrangements on behalf of you.

Manifesto

Agent OBO™ Manifesto

Agent OBO was never built to impress. It was built to withstand. It was not crafted in pitch rooms. It was forged in private corridors, across jet manifests, call logs, canceled requests, and whispered frustrations. It is the quiet technology of loyalty. It does not announce itself. It arrives already knowing. This is not an app. This is no

Leading the Future of AI Technology

Intelligence, Curated

Designed for the Discerning

Delegation is a design Principle

Not Just Smart. Selected.

Agent OBO is more than artificial intelligence, it's **Appointed Intelligence™**. A delegate, vetted and refined, with the discernment to act *on your behalf* not just to assist, but to carry your intent with precision.

You don't install Agent OBO. You elevate it. It doesn't ask for tasks. It orchestrates outcomes.

Agent OBO - For those who expect their AI to have both discretion and direction.

Concierge

Expectation, Anticipated.

Whether managing your legacy itinerary or last-minute indulgence, Agent OBO Concierge operates like a sixth sense moving seamlessly through your preferences *on your behalf*, with a reverence for detail and an intolerance for friction.

Enterprise

Structure, Streamlined.

This is not automation for automation's sake. Agent OBO functions like protocol in motion executing workflows *on behalf of your leadership*, ensuring precision where process meets possibility.

Developer API

Build With Gravitas.

A framework not for function, but for formality. With a single API call, grant your software the authority to act *on behalf of* others responsibly, transparently, and always under protocol.

What Agent OBO does must be seen and trusted.

Every delegated action carries a signature. Every outcome bears audit. Agent OBO is not just traceable it's accountable, by design.

- Permission-Granted Intelligence
- Context-Enriched Execution
- Verifiable Decision Trails
